Pennington County Register of Deeds Office

LandShark Online Disclaimer

Errors and Omissions: This is a working index and may contain errors and omissions due to errors in the preparation of the original document or in the indexing of the document. The indexes are double-entry verified after they are recorded. It is recommended to search several different ways for each property.

Images: The images are authentic reproductions of the actual document and the quality is usually good. However, blue or light-colored ink used on original documents will not reproduce well. Older documents may be illegible since there was no requirement for legibility until 2001.

Through dates: The general rule is that the grantor-grantee (or party) index and the tract index (by legal description), and images are available one to two days after being recorded. There are occasional exceptions due to high recording volumes and technical issues that come up from time to time.

Disclaimer for Internet Services: Use of this site also constitutes acceptance of the Pennington County Disclaimer for Internet Services.

Contact: Please contact us if you have questions about this website, to report any errors or omissions, or if you must have more specific information about through dates.
